## Take Action on Radon

With the support of Health Canada, Take Action on Radon distributes 100 free radon test kits to approximately 30 municipalities annually across Canada to promote awareness of radon, an environmental carcinogen present in homes and buildings.

The 100 Radon Test Kit challenge is an initiative of Take Action on Radon which is a turn key program to work with municipalities to raise awareness on radon in the community and to distribute a limited number of free kits to community members. The program provides the free kits and all advertising resources but it does require a local community contact to help support the program with promotion within the community and organization distribution and collection of radon kits.

If you would like to register for next Fall to be on the list of free programs, you can complete this form: <https://form.jotform.com/82886582317267>

If you would like to pay to participate in the program, Take Action on Radon is registering communities to start in January 2026: <https://form.jotform.com/242814035523248> (the cost per community is currently \$3500)

\* Rebate will be applied directly to price on invoice \*

The all-season MICHELIN® X SNOPLUS® M+S designed for use on graders and loaders or cranes where exceptional traction on snow and ice is required.

**Exceptional Performance:**

- Excellent traction and flotation; outstanding stability; enhanced operator comfort; designed for optimized vehicle performance

**Excellent Productivity:**

- Resistance to impacts and cuts means fewer flats

**Low Operating Costs:**

- Long-lasting, even-wearing tread pattern; durable with low rolling resistance for efficient fuel economy; easy to repair

**All-Season Use:**  
The wide, non-directional tread design makes this a great tire for year-round use.

**Drastic Reduction in Flats:**  
The Michelin all-steel casing design reduces flats compared to traditional bias-ply tires.

**Exceptional Traction on Ice and Snow:**  
The special rubber compound and aggressive lug design with added sipes provide maximum maneuverability in winter conditions and minimizes the need for chains.

**Proudly Made in Canada**  
(Waterville, Nova Scotia)

\*except 23.5R25

The XSnoplus Fall Campaign running from September to end of December 2025 provides a rebate of \$250 per tire on all 4 sizes of our XSnoplus Grader / Loader tire. Please note, the rebate will be applied directly to the price on the invoice (so no credits on a separate invoice). This means that instead of the Regular Invoice Price, there will be a Special Invoice Price during this time.

THE MAGAZINE OF

Association of  
Manitoba Municipalities

The Fall 2025 issue of *The Municipal Leader* features President Valentino and Minister Simard on the cover. This edition highlights the upcoming 2025 AMM Fall Convention, including details on convention proceedings, keynote speakers, and our sold-out Trade Show. As the seasons change, Manitoba continues to face the devastating effects of a historic wildfire season. This issue honours Manitoba's fire service and emergency response teams and their ongoing efforts amid unprecedented challenges. Additional features explore RCMP initiatives to strengthen border security, the importance of investing in community vibrancy, and a spotlight on one Manitoba community leading the way in sustainable, green projects.
