Dear Subscriber,

We hope you enjoy this copy of the AMM News Bulletin. Click [HERE](#) to download a PDF version.

Latest Updates

Flood Resources for Communities

Recent flooding and severe weather events have affected communities across the province, creating significant challenges for municipalities and residents alike.

As communities continue to respond to these impacts, access to timely and reliable information is essential. To support our members, the AMM has compiled resources, updates, and information from government departments and partner organizations. This [bulletin](#) is intended to serve as a central source of information on available assistance programs, recovery supports, funding opportunities, and other resources to help municipalities navigate response and recovery efforts.

The AMM recognizes the significant challenges many municipalities are facing and remains committed to standing alongside our members by advocating on their behalf, sharing timely information, and supporting communities as they navigate response and recovery efforts.

Understanding Manitoba's Environmental Licensing Process

Join MEIA in Brandon for a Regulatory Lunch & Learn

Gain practical insights into Manitoba's environmental licensing process, connect with industry professionals, and have your questions answered by the experts.

Hear directly from representatives of Manitoba's Environmental Approvals Branch as they discuss:

- Environmental approvals and licensing processes
- Regulatory requirements and best practices
- Common questions from industry
- Opportunities to connect with government representatives, local businesses, and the MEIA team

Whether you're new to environmental regulations or looking to strengthen your understanding of the Environmental Licensing Act, you'll leave with practical knowledge and valuable connections.

We look forward to welcoming you to Brandon for an afternoon of learning, discussion, and networking! **Wednesday, July 22, 2026, 11:30 am - 2:00 pm** at the Clarion Hotel in Brandon.

Mark Your Calendar: Navigating Manitoba's Shifting Energy Codes

MEIA is proud to support the Codes Acceleration Project (CAP), a training initiative designed to help our province's building sector navigate upcoming industry shifts.

As Manitoba prepares for higher building and energy code tiers, understanding the practical application of these changing standards is essential.

The upcoming course, Working with the National Energy Code for Buildings (NECB), provides straightforward guidance to help anyone who works regularly with the code either comply with or enforce it effectively in Manitoba.

This is a free, standalone 1-day course! Your team only needs to attend a single session to get completely up to speed on the incoming updates.

Municipal Leader - Summer 2026

Our summer issue of the **Municipal Leader** has arrived, featuring a special report on municipal elections.

With municipalities across the province preparing for elections this July and October, the AMM has compiled valuable resources, practical guidance, and important information to support members throughout the election cycle. Whether you're considering seeking re-election or putting your name forward for the first time, this issue is designed to help you navigate the process and strengthen your municipal election readiness.

In addition to our election coverage, this issue explores several other topics impacting Manitoba municipalities, including Manitoba RCMP vacancy rates, the changes introduced

through Bill 33 to strengthen the legislative framework for municipal leaders, and the official launch of the Manitoba Ready app.
