In order to provide comparable information, the reporting period for the current year is being compared to the same reporting period for the previous year. This will provide a more accurate comparison by taking any special events into account that happen in the community on an annual basis, and also account for seasonal changes in traffic/tourism, and RCMP strategic initiatives etc.

4.1 TRENDS/POINTS OF INTEREST/VALUE

Narrative..... traffic initiatives that required outside support from other detachments or Traffic Service members, requirement for resources outside detachment area such as major incident where ERT, Major Crimes, or other support services were required to deal with investigation of significant event

4.2 SIGNIFICANT MEETINGS IN THE COMMUNITY

*Meetings attended with organizations within the community, (Rural Municipalities, Villages, First Nations, Chamber of Commerce, School District, Victim Services, local service clubs, COPP). This would speak to the goal of community-based policing. This is different than officers attending schools or participating in community charity events. It is more about meetings attended by the **RCMP leadership** to provide a RCMP insight to a specific issue.*
