Resolution Update

Resolution	17/12	Drainage on Crown Lands	In Progress	The AMM continues to meet regularly with Manitoba Agriculture and Resource Development to discuss municipal concerns. In October 2019, the Province unveiled its new streamlined approach to drainage.
Resolution	28/16	Crown Land	In Progress	The AMM continues to meet regularly with Manitoba Agriculture and Resource Development to discuss municipal concerns.
Resolution	39/18	Energy Costs for Recreational Facilities - SP	In Progress	The AMM continues to meet regularly with Manitoba Hydro and Efficiency Manitoba to discuss municipal concerns, while advocating for enhanced and new energy-saving programs that decrease operating costs for community-owned public recreation facilities.
Resolution	30/19	Review of The Manitoba Hydro Act	In Progress	The AMM continues to meet with Manitoba Hydro to raise local concerns and collaborate on next steps.
Resolution	31/19	Manitoba Hydro Customer Service	In Progress	The AMM continues to meet with Manitoba Hydro to raise local concerns and collaborate on next steps.
Resolution	07/20	Crown Land	In Progress	The AMM continues to meet with the department to discuss municipal concerns.
Resolution	20/21	Hydro Fee Schedules	In Progress	The AMM continues to meet with Manitoba Hydro to raise local concerns and collaborate on next steps.

Resolution 21/21 Streamline Manitoba Hydro Requests

In Progress The AMM continues to meet with Manitoba Hydro to raise local concerns and collaborate on next steps.

Resolution 21/23 Hire Local

In Progress The AMM continues to engage with relative departments to address municipal concerns.

Efficiency Manitoba

Resolution 39/18 Energy Costs for Recreational Facilities - SP

In Progress The AMM continues to meet regularly with Manitoba Hydro and Efficiency Manitoba to discuss municipal concerns, while advocating for enhanced and new energy-saving programs that decrease operating costs for community-owned public recreation facilities.

Manitoba Advanced Education and Training

Resolution 24/17 Certification of Water Treatment Plant Operators

In Progress The AMM continues to meet regularly with Manitoba Conservation and Climate to discuss municipal concerns.

Resolution 44/23 Veterinarian Education

In Progress The AMM continues to engage with the Department of Agriculture to address municipal concerns. As a result of our advocacy, we were pleased to see several significant commitments: \$135,000 to develop a provincial veterinary strategy, a \$75,000 increase to veterinary district grants (bringing the total to \$569,000), and an \$8.3 million investment in veterinary training at the Western College of Veterinary Medicine. The AMM has also joined the new Veterinary Services Strategy Working Group and will continue to advance this important issue on behalf of municipalities.

Manitoba Agriculture

Resolution	04/18	The Planning Amendment Act	In Progress	The AMM continues to meet regularly with Manitoba Municipal Relations to discuss municipal concerns.
Resolution	43/23	Veterinarian Funding	In Progress	The AMM continues to engage with the Department of Agriculture to address municipal concerns. As a result of our advocacy, we were pleased to see several significant commitments: \$135,000 to develop a provincial veterinary strategy, a \$75,000 increase to veterinary district grants (bringing the total to \$569,000), and an \$8.3 million investment in veterinary training at the Western College of Veterinary Medicine. The AMM has also joined the new Veterinary Services Strategy Working Group and will continue to advance this important issue on behalf of municipalities.
Resolution	44/23	Veterinarian Education	In Progress	The AMM continues to engage with the Department of Agriculture to address municipal concerns. As a result of our advocacy, we were pleased to see several significant commitments: \$135,000 to develop a provincial veterinary strategy, a \$75,000 increase to veterinary district grants (bringing the total to \$569,000), and an \$8.3 million investment in veterinary training at the Western College of Veterinary Medicine. The AMM has also joined the new Veterinary Services Strategy Working Group and will continue to advance this important issue on behalf of municipalities.

Resolution	45/23	Veterinarian Shortages	In Progress	The AMM continues to engage with the Department of Agriculture to address municipal concerns. As a result of our advocacy, we were pleased to see several significant commitments: \$135,000 to develop a provincial veterinary strategy, a \$75,000 increase to veterinary district grants (bringing the total to \$569,000), and an \$8.3 million investment in veterinary training at the Western College of Veterinary Medicine. The AMM has also joined the new Veterinary Services Strategy Working Group and will continue to advance this important issue on behalf of municipalities.
Resolution	46/23	Endangered Species	In Progress	The AMM continues to engage with the Department to address municipal concerns.
Resolution	08/24	Vet District School Tax Exemption	In Progress	The AMM continues to meet regularly with Manitoba Municipal and Northern Relations and Department of Agriculture to discuss municipal concerns.
Resolution	21/24	Rural Crime Watch	In Progress	The AMM continues to meet with both departments to discuss municipal concerns.
Resolution	22/24	Animal Care Act	In Progress	The AMM continues to meet with the Department to discuss municipal concerns.
Resolution	28/25	Endangered Species - Standing Policy	Sent to Gov't	
<u>Manitoba Business, Mining, Trade and Job Creation</u>				
Resolution	14/20	Zebra Mussels	In Progress	The AMM continues to meet regularly with Manitoba Agriculture and Resource Deveopment and the Fisheries and Oceanse Canada to discuss municipal concerns.

Resolution	12/23	Funding Formula	In Progress	As a result of our advocacy efforts, we were pleased to see the end of the seven-year funding freeze on the Municipal Operating Basket, along with an annual 2% increase. However, we recognize that more is needed. The current funding model is outdated and no longer meets the needs of municipalities. The AMM continues to urge the department to modernize the model and ensure it is growth-oriented. While the AMM has actively participated in working group discussions, we are pushing the province to return to the table to advance a solution that works for all municipalities, moving beyond a sole reliance on per-capita funding approaches.
Resolution	46/23	Endangered Species	In Progress	The AMM continues to engage with the Department to address municipal concerns.
Resolution	09/24	NG-911 Cellular Services	In Progress	The AMM has been actively collaborating with Bell MTS on this issue since 2022. Together, we hosted a dedicated webinar, and the topic was also featured at our 2024 Spring Convention. In addition, the AMM has engaged and will continue to engage with relevant provincial departments to ensure municipalities have access to the necessary data and resources ahead of the transition to NG-911, which has now been extended to 2027

Resolution	24/24	Cellular Service	In Progress	Recognizing Manitoba's significant gaps in cellular coverage, the AMM continues to engage with all relevant departments and calls on the Province to develop and implement a provincial connectivity strategy that sets clear targets and timelines to eliminate cellular and broadband service gaps.
Resolution	27/24	Public Road Maintenance in Mineral Extraction Areas	In Progress	The AMM continues to meet regularly with the Department to discuss municipal concerns.
Resolution	36/24	Funding for Rural Employment Centres	In Progress	The AMM continues to meet with the relevant departments to discuss municipal concerns.
Resolution	12/25	Forest Fire Mitigation	Sent to Gov't	In 2025, Manitoba experienced its most severe fire season in over three decades. Numerous municipalities stepped up, sending emergency personnel and resources to assist in combating these fires. This demonstrates the critical need for enhanced financial support for fire services. The AMM continues to collaborate with the department as the after-action review progresses and engages with all relevant departments to advocate for increased funding to strengthen municipal fire response capacity.
Resolution	28/25	Endangered Species - Standing Policy	Sent to Gov't	
<u>Manitoba Education and Early Childhood Learning</u>				
Resolution	32/13	Modernize Education Funding	In Progress	The AMM continues to call on the Province of Manitoba to comprehensively review and modernize Manitoba's education funding model.

Resolution 21/20 School Tax Deferral

In Progress The AMM continues to call on the Province of Manitoba to comprehensively review and modernize Manitoba's education funding model.

Manitoba Environment and Climate Change

Resolution 17/12 Drainage on Crown Lands

In Progress The AMM continues to meet regularly with Manitoba Agriculture and Resource Development to discuss municipal concerns. In October 2019, the Province unveiled its new streamlined approach to drainage.

Resolution 24/17 Certification of Water Treatment Plant Operators

In Progress The AMM continues to meet regularly with Manitoba Conservation and Climate to discuss municipal concerns.

Resolution 14/20 Zebra Mussels

In Progress The AMM continues to meet regularly with Manitoba Agriculture and Resource Development and the Fisheries and Oceans Canada to discuss municipal concerns.

Resolution 18/21 Public Registry Advertising

In Progress The AMM continues to meet with the Department to discuss municipal concerns.

Resolution	11/22	Waste Disposal Financial Assistance	In Progress	The AMM facilitated scheduled meetings between affected municipalities and Manitoba to address stringent waste-disposal regulations and the need for financial assistance to help offset compliance costs. Drawing on municipal feedback, the AMM contributed to the development of an informational guide—administered by the Province of Manitoba - to improve clarity and awareness of these regulatory requirements. The AMM continues to work with provincial departments to advance municipal concerns and identify practical solutions, including potential financial supports.
Resolution	34/23	Drainage Requirement Changes – Culverts	In Progress	The AMM continues to meet with the Department of Environment and Climate Change to address water-related concerns, including drainage. In addition, the AMM participates in the AMM–MTI Service Delivery Working Group, which focuses on service delivery agreements and overall improvements. Additionally, the AMM participates in a dedicated working group with the Province to discuss drainage issues. Through these ongoing collaborative efforts, the AMM continues to advance solutions and address municipal concerns.

Resolution	35/23	Drainage Requirement Changes	In Progress	The AMM continues to meet with the Department of Environment and Climate Change to address water-related concerns, including drainage. In addition, the AMM participates in the AMM–MTI Service Delivery Working Group, which focuses on service delivery agreements and overall improvements. Additionally, the AMM participates in a dedicated working group with the Province to discuss drainage issues. Through these ongoing collaborative efforts, the AMM continues to advance solutions and address municipal concerns.
Resolution	37/23	Provincial Water Management Strategy	In Progress	The AMM recognizes that the province has developed a Provincial Water Strategy; however, it remains unclear how the new government will use this report or what its specific plan for water management will be. The AMM continues to work with the department to address municipal concerns related to water management.
Resolution	38/23	Water Resources Branch Accountability and Timelines	In Progress	The AMM continues to meet with the Department of Environment and Climate Change to address water-related concerns. In addition, the AMM participates in the AMM–MTI Service Delivery Working Group, which focuses on service delivery agreements and overall improvements. The AMM also participates in another working group dedicated to discussing drainage issues. Through these ongoing collaborative efforts, the AMM continues to advance solutions and address municipal concerns.

Resolution	39/23	Petroleum Tank Removal Compliance	In Progress	The AMM continues to meet regularly with the Department to discuss municipal concerns.
Resolution	40/23	Climate Action Incentive Payment (CAIP) Rebate	In Progress	The AMM continues to collaborate with the relevant department to address municipal concerns.
Resolution	19/24	Maintenance of Provincial Drainage Infrastructure	In Progress	The lack of maintenance of provincial infrastructure emerged as a key theme during the Executive municipal tours in early 2025. The AMM continues to raise this issue in ongoing meetings with the Department of Justice, as well as through the MTI-AMM Service Delivery Working Group.
Resolution	19/25	Class 6 and 7 Soils	Sent to Gov't	
Resolution	20/25	30 X 30 Initiative	Sent to Gov't	
Resolution	21/25	Exemption to Conduct Surveys on Ditches	Sent to Gov't	
Resolution	22/25	Drainage Permit Amendments	Sent to Gov't	

Manitoba Families

Resolution	41/17	Accessibility Legislation & Standards	In Progress	Since 2011, the AMM has been calling on the Province of Manitoba to provide financial and resource support to municipalities to help identify, prevent, and remove barriers to accessibility within local communities. The AMM also continues to advocate for reduced reduced administrative and financial burdens on municipalities by implementing relevant recommendations of The Accessibility for Manitobans Act Review.
------------	-------	---------------------------------------	-------------	---

Manitoba Finance

Resolution	32/13	Modernize Education Funding	In Progress	The AMM continues to call on the Province of Manitoba to comprehensively review and modernize Manitoba's education funding model.
Resolution	37/15	PST Exemption - SP	In Progress	The AMM has called on the provincial government to work as "Partners in Growth" to: ensure long-term, stable and predictable funding, after a three-year funding freeze; provide funding tied to Manitoba's GDP to support more municipal growth; rebate the PST municipalities pay, consistent with federal rebate of the GST; and move to multi-year budgeting to assist with long-term planning and priority setting.
Resolution	29/17	PUB Staffing	In Progress	A new joint AMM-MMAA-PUB Working Group has been established to review and streamline the PUB application process, reduce the processing time and backlog of applications, and improve communication between the PUB and municipalities.
Resolution	39/18	Energy Costs for Recreational Facilities - SP	In Progress	The AMM continues to meet regularly with Manitoba Hydro and Efficiency Manitoba to discuss municipal concerns, while advocating for enhanced and new energy-saving programs that decrease operating costs for community-owned public recreation facilities.
Resolution	05/19	Cannabis Taxation Revenue-Sharing	In Progress	The AMM continues to urge the Province of Manitoba to co-develop a fair revenue-sharing model that respects municipal authority and recognizes increased municipal administration and policing costs.

Resolution	21/20	School Tax Deferral	In Progress	The AMM continues to call on the Province of Manitoba to comprehensively review and modernize Manitoba's education funding model.
Resolution	03/23	CCBF Funding Formula Distribution	In Progress	The AMM continues to engage with both the federal and provincial governments to ensure that the Canada Community-Building Fund reflects current municipal realities. The AMM has urged the federal government to preserve the CCBF as a direct, predictable funding source for local priorities, free from new conditions or additional bureaucracy. In addition, the AMM supports FCM's call to double the CCBF to \$4.4 billion annually, with a 3.5% annual indexation to keep pace with municipal needs. This position is reflected in our Federal Budget Submission to the Government of Canada.

Manitoba Health, Seniors and Long-Term Care

Resolution	25/13	Reduce Community Contribution Requirements	In Progress	The AMM continues to meet with Manitoba Health, Seniors and Active Living to discuss municipal concerns. This issue has been included in departmental position papers and Cabinet Brief for previous years.
Resolution	18/20	Seniors Housing	In Progress	The AMM continues to meet regularly with Manitoba Health and Seniors Care to discuss municipal concerns.
Resolution	19/20	E-Health	In Progress	The AMM continues to meet with Manitoba Health and Seniors Care to discuss municipal concerns.

Resolution	17/21	Medical Staff Retention	In Progress	The AMM continues to meet with the department to discuss health related concerns and pushing for the release a comprehensive provincial strategy to recruit and retain paramedics, nurses, doctors and other health professionals working in all Manitoba regions.
Resolution	24/22	Firefighter/Paramedic Shortage	In Progress	In 2025, Manitoba experienced its most severe fire season in over three decades. Numerous municipalities stepped up, sending emergency personnel and resources to assist in combating these fires. This demonstrates the critical need for enhanced financial support for fire services. The AMM continues to collaborate with the department as the after-action review progresses and engages with all relevant departments to advocate for increased funding and resources to strengthen municipal fire response capacity and personnel shortages.
Resolution	25/22	Emergency First Responders	In Progress	The AMM continues to meet with Manitoba Health, Seniors and Long-Term Care to discuss municipal concerns related to emergency responsiveness and access to health care. This issue was central to the AMM's - Let's Grow Manitoba Together - provincial election campaign, and the AMM continues to call on Manitoba to adopt a model that supports all municipalities and ensures care closer to home, regardless of location.

Resolution	26/22	Internationally Educated Nurses	In Progress	The AMM recognizes that Manitoba has some of the most stringent requirements for internationally educated nurses and continues to meet with the provincial department to address this issue and advocate for a comprehensive strategy to recruit and retain paramedics, nurses, physicians, and other health professionals across all regions of the province. This priority was also central to our “Let’s Grow Manitoba Together” provincial election campaign and remains a frequent topic at our annual Provincial Lobby Days with all political parties.
Resolution	27/22	Healthcare Benefits	In Progress	The AMM continues to meet with the provincial department to address this issue and advocate for a comprehensive strategy to recruit and retain paramedics, nurses, physicians, and other health professionals across all regions of the province. This priority was also central to our - Let’s Grow Manitoba Together - provincial election campaign and remains a frequent topic at our annual Provincial Lobby Days with all political parties.

Resolution	27/23	Ending the Downloading of Emergency Medical Service Respon	In Progress	The AMM has been actively engaged on this issue, discussing it both at the Cities Caucus and at the broader membership level following the resolution's passage. Since then, the AMM has collected data to better define the scope of the issue for Shared Health, met with the province, Shared Health, and other relevant stakeholders, and worked to explore solutions and develop a funding framework to help municipalities offset downloaded costs. The AMM will continue to advocate and lobby on this issue to ensure municipalities receive the support and funding needed.
Resolution	28/23	Medical Assist Calls MPI Reimbursement	In Progress	The AMM has been actively engaged on this issue, discussing it both at the Cities Caucus and at the broader membership level following the resolution's passage. Since then, the AMM has collected data to better define the scope of the issue for Shared Health, met with the province, Shared Health, and other relevant stakeholders, and worked to explore solutions and develop a funding framework to help municipalities offset downloaded costs. The AMM will continue to advocate and lobby on this issue to ensure municipalities receive the support and funding needed.

Resolution	12/24	Establish Institutional Safety Officers in all Manitoba Hospitals	In Progress	The AMM continues to meet with the Department to discuss municipal healthcare priorities. While healthcare is not a core municipal responsibility, ensuring the safety of healthcare professionals is essential for a sustainable healthcare system. While we welcomed the commitment to fund 126 Institutional Safety Officer (ISO) positions, we continue to call on the Department to ensure ISOs are available in all Manitoba hospitals to ensure equitable access to safety resources. The AMM continues to meet with the Department to discuss solutions.
Resolution	13/24	Healthcare Access	In Progress	The AMM submitted this resolution to FCM for formal consideration, and it was adopted by the FCM Board of Directors as a Category A - Concurrence resolution, meaning it will help shape future FCM policy positions. In support of the resolution, a letter was also sent to the appropriate federal minister. The AMM continues to engage with all relevant departments to ensure municipal concerns are heard and addressed.
Resolution	14/24	Sharps Collection	In Progress	While some progress has been made on this resolution due to our advocacy efforts., the AMM continues to meet with the Department of Housing, Addictions and Homelessness to discuss municipal concerns.
Resolution	32/24	Remove Requirement for Audited Financial Statements	In Progress	The AMM continues to meet with the relevant departments to discuss municipal concerns.

Resolution	13/25	Funding Support for Recruitment and Retention of Healthcare Pr	Sent to Gov't
Resolution	14/25	Expand PCP Training	Sent to Gov't
Resolution	15/25	Updating and Modernizing The Mental Health Act	Sent to Gov't
Resolution	16/25	X-Ray and Lab Technicians	Sent to Gov't
Resolution	26/25	Remove Requirement for Audited Financial Statements - SP	Sent to Gov't
Resolution	27/25	Equal Access to Healthcare - Standing Policy	Sent to Gov't

Manitoba Housing, Addictions and Homelessness

Resolution	14/24	Sharps Collection	In Progress	While some progress has been made on this resolution due to our advocacy efforts., the AMM continues to meet with the Department of Housing, Addictions and Homelessness to discuss municipal concerns.
Resolution	32/24	Remove Requirement for Audited Financial Statements	In Progress	The AMM continues to meet with the relevant departments to discuss municipal concerns.
Resolution	26/25	Remove Requirement for Audited Financial Statements - SP	Sent to Gov't	

Manitoba Hydro

Resolution	39/18	Energy Costs for Recreational Facilities - SP	In Progress	The AMM continues to meet regularly with Manitoba Hydro and Efficiency Manitoba to discuss municipal concerns, while advocating for enhanced and new energy-saving programs that decrease operating costs for community-owned public recreation facilities.
Resolution	30/19	Review of The Manitoba Hydro Act	In Progress	The AMM continues to meet with Manitoba Hydro to raise local concerns and collaborate on next steps.
Resolution	31/19	Manitoba Hydro Customer Service	In Progress	The AMM continues to meet with Manitoba Hydro to raise local concerns and collaborate on next steps.

Resolution	20/21	Hydro Fee Schedules	In Progress	The AMM continues to meet with Manitoba Hydro to raise local concerns and collaborate on next steps.
Resolution	21/21	Streamline Manitoba Hydro Requests	In Progress	The AMM continues to meet with Manitoba Hydro to raise local concerns and collaborate on next steps.
<u>Manitoba Justice</u>				
Resolution	42/09	New Police Services Act	In Progress	The AMM supports a comprehensive review of policing in Manitoba focused on the distribution of policing costs and grant funding to promote a more transparent, fair and sustainable policing model. The AMM also continues to urge the Province of Manitoba to reduce financial and administrative burdens on municipalities in relation to police services due to amalgamation.
Resolution	09/20	Navigational System for 911	In Progress	The AMM continues to meet with Manitoba Justice and Manitoba Infrastructure to discuss municipal concerns.
Resolution	10/20	Proceeds from Rural Crime	In Progress	The AMM supports a comprehensive review of policing in Manitoba focused on the distribution of policing costs and grant funding to promote a more transparent, fair and sustainable policing model. The AMM also continues to urge the Province of Manitoba to reduce financial and administrative burdens on municipalities in relation to police services due to amalgamation.

Resolution	22/21	RCMP Unionization Costs	In Progress	The AMM continues to raise concerns with the provincial and federal governments about the collective bargaining process. While we respect the right to bargain, recent decisions—often made without meaningful consultation—create significant fiscal pressure, threatening municipal viability and service delivery. We remain active on the Contract Management Committee (CMC) and with the Province as well as through the Provincial Municipal Justice Advisory Committee (PMJAC), pushing for agreements that reflect municipal realities and long-term certainty aligned with budgeting processes.
Resolution	28/22	By-Law Enforcement Clarity	In Progress	The AMM has been collaborating with relevant departments to develop a by-law enforcement toolkit, designed to provide municipalities with clear guidance and a centralized source of information on enforcement options. The Minister has shown strong support for this initiative and is committed to exploring the creation of standardized by-law templates through the PMJAC working group.

Resolution	29/22	Community Safety and Wellbeing Plan	In Progress	The AMM continues to urge Manitoba to expand Community Safety and Well-Being Plans to all municipalities across the province, rather than limiting them to the initial group that received approval. For municipalities that did receive funding, the AMM is also advocating for support that goes beyond plan development, including sustained resources to help municipalities implement these plans effectively. More broadly, public safety remains a top priority within the AMM's "Let's Grow Manitoba Together" provincial election campaign and its federal advocacy efforts.
Resolution	22/23	Fair Allocation of the Cost of Policing	In Progress	The AMM supports a comprehensive review of policing in Manitoba focused on the distribution of policing costs and grant funding to promote a more transparent, fair and sustainable policing model. The AMM also continues to urge the Province of Manitoba to reduce financial and administrative burdens on municipalities in relation to police services due to amalgamation.

Resolution	23/23	Full Staffing for RCMP Detachments	In Progress	Public safety remains a top priority for the AMM, and we continue to advocate for full staffing of RCMP detachments across Manitoba. With the province experiencing the highest RCMP vacancy rate in the country, we are calling for increased visibility and capacity for policing. This issue has been a key focus of our Let's Grow Manitoba Together provincial campaign, our federal Lobby Day initiatives, and our federal election campaign. In addition to these efforts, the AMM meets annually with the Manitoba RCMP and holds regular discussions with the Department of Justice to address ongoing municipal concerns.
Resolution	24/23	By-Law Enforcement	In Progress	The AMM has been collaborating with relevant departments to develop a by-law enforcement toolkit, designed to provide municipalities with clear guidance and a centralized source of information on enforcement options. The Minister has shown strong support for this initiative and is committed to exploring the creation of standardized by-law templates through the PMJAC working group.
Resolution	25/23	By-Law Standardization	In Progress	The AMM has been collaborating with relevant departments to develop a by-law enforcement toolkit, designed to provide municipalities with clear guidance and a centralized source of information on enforcement options. The Minister has shown strong support for this initiative and is committed to exploring the creation of standardized by-law templates through the PMJAC working group.

Resolution	07/24	Modernizing Beer Vendor Regulations	In Progress	The AMM continues to meet with Manitoba Justice and MLLC to discuss municipal concerns.
Resolution	20/24	Bail Reform	In Progress	The AMM remains at the forefront of the bail reform conversation at both the provincial and national levels. As one of the first organizations to raise this critical issue, the AMM has helped shape the dialogue through key initiatives, including the Let's Grow Manitoba Together provincial election campaign and the 2025 Federal Election Priorities campaign. In 2026, President Valentino presented to the House of Commons Standing Committee on Justice and Human Rights in support of efforts to strengthen bail reform through Bill C-14. The AMM continues to actively engage with the Department of Justice to ensure municipal perspectives are heard and reflected in ongoing policy discussions.
Resolution	21/24	Rural Crime Watch	In Progress	The AMM continues to meet with both departments to discuss municipal concerns.

Resolution 24/25 RCMP Staffing Shortages □ SP

Sent to Gov't

Manitoba Liquor and Lotteries Corporation

Resolution	06/24	Manitoba Liquor and License Vendors	In Progress	The AMM continues to meet regularly with Manitoba Municipal Relations to discuss municipal concerns.
Resolution	07/24	Modernizing Beer Vendor Regulations	In Progress	The AMM continues to meet with Manitoba Justice and MLLC to discuss municipal concerns.

Manitoba Municipal and Northern Relations

Resolution	07/13	Land Use Planner Positions	In Progress	The AMM meets regularly with Manitoba Municipal Relations to discuss municipal concerns, and has repeatedly called for vacancies to be filled immediately.
Resolution	09/16	Modernization of The Municipal Act	In Progress	The AMM continues to meet regularly with Manitoba Municipal Relations to discuss municipal concerns and propose amendments to reduce red tape.
Resolution	12/16	Development Cost Charges	In Progress	The AMM continues to meet regularly with Manitoba Municipal Relations to discuss municipal concerns.
Resolution	28/16	Crown Land	In Progress	The AMM continues to meet regularly with Manitoba Agriculture and Resource Development to discuss municipal concerns.
Resolution	45/16	Base Tax - SP	In Progress	The AMM continues to meet regularly with Manitoba Municipal Relations to discuss municipal concerns.
Resolution	04/18	The Planning Amendment Act	In Progress	The AMM continues to meet regularly with Manitoba Municipal Relations to discuss municipal concerns.
Resolution	09/18	Better Coordination for Subdivisions	In Progress	The AMM continues to meet regularly with Manitoba Municipal Relations to discuss municipal concerns.
Resolution	10/18	Full-Life Cycle Costing for Capital Purchases	In Progress	The AMM continues to meet regularly with Manitoba Municipal Relations to discuss municipal concerns.
Resolution	05/19	Cannabis Taxation Revenue-Sharing	In Progress	The AMM continues to urge the Province of Manitoba to co-develop a fair revenue-sharing model that respects municipal authority and recognizes increased municipal administration and policing costs.

Resolution	07/19	No Unilateral Downloading	In Progress	The AMM received an official response from the department in January 2019.
Resolution	08/19	Municipal Tax Autonomy	In Progress	The AMM continues to meet with the Department of Municipal Relations to discussion municipal tax autononmy and sustainable taxation options.
Resolution	10/19	VLT Revenues	In Progress	
Resolution	11/19	Grants-in-Lieu	In Progress	
Resolution	12/19	Depoliticizing Municipal Fees and Charges	In Progress	
Resolution	14/19	Tax Sale Administration Fee Increase	In Progress	
Resolution	15/19	Tax Sale Penalties	In Progress	
Resolution	22/19	Liability for Firefighters & Fire Protection Services	In Progress	In 2025, Manitoba experienced its most severe fire season in over three decades. Numerous municipalities stepped up, sending emergency personnel and resources to assist in combating these fires. This demonstrates the critical need for enhanced financial support for fire services. The AMM continues to collaborate with the department as the after-action review progresses and engages with all relevant departments to advocate for increased funding and resources to strengthen municipal fire response capacity.
Resolution	03/20	Maintaining Public Services in Local Communities	In Progress	The AMM continues to meet regularly with Manitoba Municipal Relations to discuss municipal concerns.

Resolution	01/21	Increased Funding for Handi-Van Operations	In Progress	The AMM continues to meet with the Department of Municipal Relations to discuss municipal concerns and the need for increased funding for handi-van operators.
Resolution	02/21	Grant Loan Authority	In Progress	The AMM continues to meet with the Department of Municipal Relations to discuss municipal tax autonomy and sustainable taxation options.
Resolution	05/21	Tax Reform Study	In Progress	The AMM continues to meet with the Department of Municipal Relations to discuss municipal tax autonomy and sustainable taxation options.
Resolution	01/22	Strategic Municipal Investment Fund	In Progress	As a result of our advocacy efforts, we were pleased to see the end of the seven-year funding freeze on the Municipal Operating Basket, along with an annual 2% increase. However, we recognize that more is needed. The current funding model is outdated and no longer meets the needs of municipalities. The AMM continues to urge the department to modernize the model and ensure it is growth-oriented. While the AMM has actively participated in working group discussions, we are pushing the province to return to the table to advance a solution that works for all municipalities, moving beyond a sole reliance on per-capita funding approaches.

Resolution	02/22	Municipal Revenue	In Progress	As a result of our advocacy efforts, we were pleased to see the end of the seven-year funding freeze on the Municipal Operating Basket, along with an annual 2% increase. However, we recognize that more is needed. The current funding model is outdated and no longer meets the needs of municipalities. The AMM continues to urge the department to modernize the model and ensure it is growth-oriented. While the AMM has actively participated in working group discussions, we are pushing the province to return to the table to advance a solution that works for all municipalities, moving beyond a sole reliance on per-capita funding approaches.
Resolution	04/22	Permanent Fire Protection Grant Program	In Progress	In 2025, Manitoba experienced its most severe fire season in over three decades. Numerous municipalities stepped up, sending emergency personnel and resources to assist in combating these fires. This demonstrates the critical need for enhanced financial support for fire services. The AMM continues to collaborate with the department as the after-action review progresses and engages with all relevant departments to advocate for increased funding to strengthen municipal fire response capacity.

Resolution	05/22	Aircraft Rescue and Fire Fighting Training	In Progress	The AMM continues to meet with the Department of Municipal and Northern Relations, the OFC and EMO, to advocate for increased resources and investments in fire response services, particularly in light of the devastating 2025 wildfire season. This season highlighted the critical need for adequate funding and support to mitigate wildfire risks across Manitoba. The AMM is actively collaborating with the Province on their after-action wildfire review and will continue to ensure that aircraft and fire training are prioritized.
Resolution	11/22	Waste Disposal Financial Assistance	In Progress	The AMM facilitated scheduled meetings between affected municipalities and Manitoba to address stringent waste-disposal regulations and the need for financial assistance to help offset compliance costs. Drawing on municipal feedback, the AMM contributed to the development of an informational guide—administered by the Province of Manitoba - to improve clarity and awareness of these regulatory requirements. The AMM continues to work with provincial departments to advance municipal concerns and identify practical solutions, including potential financial supports.

Resolution	16/22	Water Infrastructure Funding	In Progress	The AMM has consistently urged both the provincial and federal governments to increase funding and establish a dedicated program for water and wastewater infrastructure. This priority has been central to our provincial campaign, Let's Grow Manitoba Together, as well as our federal advocacy efforts—both in the lead-up to the election and through our AMM Lobby Day initiatives in Ottawa, where we engage directly with senior federal officials. The AMM continues to meet regularly with all relevant departments to advance this issue.
Resolution	24/22	Firefighter/Paramedic Shortage	In Progress	In 2025, Manitoba experienced its most severe fire season in over three decades. Numerous municipalities stepped up, sending emergency personnel and resources to assist in combating these fires. This demonstrates the critical need for enhanced financial support for fire services. The AMM continues to collaborate with the department as the after-action review progresses and engages with all relevant departments to advocate for increased funding and resources to strengthen municipal fire response capacity and personnel shortages.

Resolution	25/22	Emergency First Responders	In Progress	The AMM continues to meet with Manitoba Health, Seniors and Long-Term Care to discuss municipal concerns related to emergency responsiveness and access to health care. This issue was central to the AMM's - Let's Grow Manitoba Together - provincial election campaign, and the AMM continues to call on Manitoba to adopt a model that supports all municipalities and ensures care closer to home, regardless of location.
Resolution	28/22	By-Law Enforcement Clarity	In Progress	The AMM has been collaborating with relevant departments to develop a by-law enforcement toolkit, designed to provide municipalities with clear guidance and a centralized source of information on enforcement options. The Minister has shown strong support for this initiative and is committed to exploring the creation of standardized by-law templates through the PMJAC working group.
Resolution	29/22	Community Safety and Wellbeing Plan	In Progress	The AMM continues to urge Manitoba to expand Community Safety and Well-Being Plans to all municipalities across the province, rather than limiting them to the initial group that received approval. For municipalities that did receive funding, the AMM is also advocating for support that goes beyond plan development, including sustained resources to help municipalities implement these plans effectively. More broadly, public safety remains a top priority within the AMM's "Let's Grow Manitoba Together" provincial election campaign and its federal advocacy efforts.

Resolution	01/23	New Funding Model	In Progress	As a result of our advocacy efforts, we were pleased to see the end of the seven year funding freeze on the Municipal Operating Basket, along with an annual 2% increase. However, we recognize that more is needed. The current funding model is outdated and no longer meets the needs of municipalities. The AMM continues to urge the department to modernize the municipal funding model and ensure it is growth-oriented. While the AMM has actively participated in working group discussions, we are pushing the province to return to the table to advance a solution that works for all municipalities, moving beyond a sole reliance on per-capita funding approaches.
Resolution	02/23	Multi-Level Funding for Capital Projects	In Progress	Alongside the FCM's call for a new federal municipal growth framework, the AMM has supported this initiative and continues to advocate for it more broadly. Through our Lobby Day efforts and federal election campaign, we are urging the federal government to adopt a funding model that keeps pace with the evolving needs and realities of municipalities.

Resolution	03/23	CCBF Funding Formula Distribution	In Progress	The AMM continues to engage with both the federal and provincial governments to ensure that the Canada Community-Building Fund reflects current municipal realities. The AMM has urged the federal government to preserve the CCBF as a direct, predictable funding source for local priorities, free from new conditions or additional bureaucracy. In addition, the AMM supports FCM's call to double the CCBF to \$4.4 billion annually, with a 3.5% annual indexation to keep pace with municipal needs. This position is reflected in our Federal Budget Submission to the Government of Canada.
Resolution	05/23	Municipal Board Delays	In Progress	The Province has since released its Action Plan, and the AMM continues to participate in the stakeholder working group to support a streamlined, modernized planning framework, including reviewing the scope and capacity of the Municipal Board. The AMM also continues to meet regularly with the Department to address municipal concerns.
Resolution	07/23	Assessments	In Progress	The AMM continues to meet regularly with the department to discuss municipal concerns, including assessment and taxation issues. We recognize that many provincial tax tools are administratively burdensome, and the associated procedures often involve unnecessary red tape. The AMM continues to call on the Province to streamline existing tax tools, develop additional tools, and provide municipalities with greater flexibility and autonomy in taxation.

Resolution	08/23	Property Assessment	In Progress	The AMM recognizes that the current property assessment framework in Manitoba—largely unchanged since the 1980s and 1990s - is outdated and requires modernization. The AMM continues to meet with Manitoba Department of Municipal and Northern Relations to address assessment-related concerns. More broadly, the AMM has long called on the province to streamline the use of existing tax tools and provide municipalities with greater taxation flexibility.
Resolution	09/23	Assessment Appeal By-Pass	In Progress	The AMM recognizes that the current property assessment framework in Manitoba—largely unchanged since the 1980s and 1990s - is outdated and requires modernization. The AMM continues to meet with Manitoba Department of Municipal and Northern Relations to address assessment-related concerns. More broadly, the AMM has long called on the province to streamline the use of existing tax tools and provide municipalities with greater taxation flexibility.
Resolution	10/23	Tax Exemptions	In Progress	The AMM recognizes that the current property assessment framework in Manitoba—largely unchanged since the 1980s and 1990s - is outdated and requires modernization. The AMM continues to meet with Manitoba Department of Municipal and Northern Relations to address assessment-related concerns. More broadly, the AMM has long called on the province to streamline the use of existing tax tools and provide municipalities with greater taxation flexibility.

Resolution	11/23	Manitoba Municipal Interest Rate	In Progress	The AMM continues to urge the department to modernize the municipal funding model and ensure it is growth-oriented. While the AMM has actively participated in working group discussions, we are pushing the province to return to the table to advance a solution that works for all municipalities, moving beyond a sole reliance on per-capita funding approaches.
Resolution	12/23	Funding Formula	In Progress	As a result of our advocacy efforts, we were pleased to see the end of the seven-year funding freeze on the Municipal Operating Basket, along with an annual 2% increase. However, we recognize that more is needed. The current funding model is outdated and no longer meets the needs of municipalities. The AMM continues to urge the department to modernize the model and ensure it is growth-oriented. While the AMM has actively participated in working group discussions, we are pushing the province to return to the table to advance a solution that works for all municipalities, moving beyond a sole reliance on per-capita funding approaches.

Resolution	13/23	Fire Equipment	In Progress	In 2025, Manitoba experienced its most severe fire season in over three decades. Numerous municipalities stepped up, sending emergency personnel and resources to assist in combating these fires. This demonstrates the critical need for enhanced financial support for fire services. The AMM continues to collaborate with the department as the after-action review progresses and engages with all relevant departments to advocate for increased funding to strengthen municipal fire response capacity.
Resolution	14/23	Short-Term Rentals	In Progress	Since the passing of this resolution, the AMM has been actively engaged on the issue of short-term rentals. This included a dedicated breakout session at the Spring Convention, featuring Air B&B as a panelist to raise awareness. The AMM has also met multiple times with relevant departments and participated in the Short-Term Rentals Working Group as the province developed its report. With the report now complete, the AMM continues to urge the province to advance a consistent regulatory framework, ensuring a coordinated approach across Manitoba rather than a patchwork system.

Resolution	15/23	Code of Conduct Amendment	In Progress	Since the passing of this resolution, the AMM has been working closely with the province to identify approaches that make the Code of Conduct effective for all municipalities. As part of these efforts, the department participated in the 2025 AMM June District Meetings to consult on potential amendments to the legislation. The AMM continues to urge the province to release its findings report and to move forward with implementing legislative changes in consultation with both the AMM and municipalities.
Resolution	17/23	Essential Services Legislation	In Progress	The AMM continues to meet with the Department of Municipal and Northern Relations to discuss municipal concerns.
Resolution	18/23	Survey Monument Restoration Program	In Progress	The AMM participates as a stakeholder in the Survey Monument Restoration Program, with the program's guidelines reviewed annually. We have advocated for funding rates that better reflect municipal needs and are hopeful these updates will soon include an annual inflationary adjustment. Through this program, municipalities are eligible to receive 50% of restoration costs, up to the amount specified in the guidelines per monument - currently \$1,225, which is expected to increase to account for the years the program guidelines were paused.

Resolution	19/23	Reduction of Staff within Provincial Departments	In Progress	The AMM continues to engage with Manitoba and, in the summer of 2025, met with the Minister of Public Service Delivery to discuss staffing reductions within provincial departments. The current provincial vacancy rate is 15%, down from 30%. While acknowledging this progress, the Minister noted that departments continue to work toward reducing vacancies, recognizing that the rate will likely never reach zero. The AMM continues to call on the Province to ensure departments are adequately staffed and resourced to provide timely responses to municipal concerns.
Resolution	20/23	Funding for Municipally Owned Airports	In Progress	As part of our ongoing advocacy, the AMM welcomed the 2024 decision by the Manitoba government to double the Manitoba Airport Assistance Program (MAAP). Under the enhanced program, airports with paved runways now receive \$4,800, up from \$2,400, while airports with unpaved runways receive \$2,400, increased from \$1,200. These funds support the operation, maintenance, and improvement of local airports. The AMM looks forward to continued collaboration with Manitoba Transportation and Infrastructure to further strengthen this vital program.
Resolution	21/23	Hire Local	In Progress	The AMM continues to engage with relative departments to address municipal concerns.

Resolution	01/24	Revision of the Municipal Board Mandate and Function	In Progress	Since the introduction of planning legislation in 2020, the AMM has opposed provisions granting the Municipal Board authority that undermines local decision-making. Following sustained AMM advocacy, the Province expedited its review of the legislation and formally accepted the recommendations in October. The Province has since released its Action Plan, and the AMM continues to participate in the stakeholder working group to support a streamlined, modernized planning framework. The AMM also continues to meet regularly with the Department to address municipal concerns.
Resolution	04/24	Unorganized Areas	In Progress	The AMM received a formal response acknowledging our concerns and outlining the department's focus on the Cottage Administration Modernization Project (CAMP), which aims to enhance local governance, streamline service delivery, and explore capital funding and efficient financial models for cottages. Following the AMM's request for information, a meeting was held with the Province, leading to a presentation for interested municipalities. MNR remains committed to ongoing dialogue with municipal stakeholders near Northern Affairs cottage areas to identify sustainable, long-term solutions. The AMM continues to meet with the Department to explore solutions.
Resolution	06/24	Manitoba Liquor and License Vendors	In Progress	The AMM continues to meet regularly with Manitoba Municipal Relations to discuss municipal concerns.

Resolution	08/24	Vet District School Tax Exemption	In Progress	The AMM continues to meet regularly with Manitoba Municipal and Northern Relations and Department of Agriculture to discuss municipal concerns.
Resolution	09/24	NG-911 Cellular Services	In Progress	The AMM has been actively collaborating with Bell MTS on this issue since 2022. Together, we hosted a dedicated webinar, and the topic was also featured at our 2024 Spring Convention. In addition, the AMM has engaged and will continue to engage with relevant provincial departments to ensure municipalities have access to the necessary data and resources ahead of the transition to NG-911, which has now been extended to 2027
Resolution	11/24	Fire Department Financial Resources	In Progress	In 2025, Manitoba experienced its most severe fire season in over three decades. Numerous municipalities stepped up, sending emergency personnel and resources to assist in combating these fires. This demonstrates the critical need for enhanced financial support for fire services. The AMM continues to collaborate with the department as the after-action review progresses and engages with all relevant departments to advocate for increased funding to strengthen municipal fire response capacity.
Resolution	36/24	Funding for Rural Employment Centres	In Progress	The AMM continues to meet with the relevant departments to discuss municipal concerns.
Resolution	03/25	Municipal Board Processes	Sent to Gov't	
Resolution	04/25	Development Plan Planning Act Amendment	Sent to Gov't	
Resolution	06/25	Trailer License Fees	Sent to Gov't	

Resolution	07/25	Better Provincial Monitoring	Sent to Gov't

Resolution	09/25	Tax Sale	Sent to Gov't
Resolution	10/25	Golf Carts on Municipal Roads	Sent to Gov't
Resolution	11/25	Cemetery Maintenance	Sent to Gov't
Resolution	12/25	Forest Fire Mitigation	Sent to Gov't

In 2025, Manitoba experienced its most severe fire season in over three decades. Numerous municipalities stepped up, sending emergency personnel and resources to assist in combating these fires. This demonstrates the critical need for enhanced financial support for fire services. The AMM continues to collaborate with the department as the after-action review progresses and engages with all relevant departments to advocate for increased funding to strengthen municipal fire response capacity.

Resolution	25/25	Amendment to The Municipal Assessment Act - SP	Sent to Gov't
------------	-------	--	---------------

The AMM recognizes that the current property assessment framework in Manitoba—largely unchanged since the 1980s and 1990s - is outdated and requires modernization. The AMM continues to meet with Manitoba Department of Municipal and Northern Relations to address assessment-related concerns. More broadly, the AMM has long called on the province to streamline the use of existing tax tools and provide municipalities with greater taxation flexibility.

Resolution	29/25	Increase Funding to the Manitoba Water Services Board (MWSB)	Sent to Gov't
------------	-------	--	---------------

Manitoba Natural Resources and Indigenous Futures

Resolution	04/24	Unorganized Areas	In Progress	The AMM received a formal response acknowledging our concerns and outlining the department's focus on the Cottage Administration Modernization Project (CAMP), which aims to enhance local governance, streamline service delivery, and explore capital funding and efficient financial models for cottages. Following the AMM's request for information, a meeting was held with the Province, leading to a presentation for interested municipalities. MNR remains committed to ongoing dialogue with municipal stakeholders near Northern Affairs cottage areas to identify sustainable, long-term solutions. The AMM continues to meet with the Department to explore solutions.
Resolution	15/24	Crown Lands	In Progress	The AMM continues to engage with relevant departments to develop a Municipal Guide and Toolkit on Crown Land Acquisition for Economic Development, ensuring municipalities have access to clear, relevant information on crown land processes and opportunities. The AMM continues to meet with the Department to discuss municipal concerns as well.
Resolution	27/24	Public Road Maintenance in Mineral Extraction Areas	In Progress	The AMM continues to meet regularly with the Department to discuss municipal concerns.

Resolution 12/25 Forest Fire Mitigation

Sent to Gov't In 2025, Manitoba experienced its most severe fire season in over three decades. Numerous municipalities stepped up, sending emergency personnel and resources to assist in combating these fires. This demonstrates the critical need for enhanced financial support for fire services. The AMM continues to collaborate with the department as the after-action review progresses and engages with all relevant departments to advocate for increased funding to strengthen municipal fire response capacity.

Sent to Gov't

Manitoba Public Service Delivery

Resolution 29/17 PUB Staffing

In Progress A new joint AMM-MMAA-PUB Working Group has been established to review and streamline the PUB application process, reduce the processing time and backlog of applications, and improve communication between the PUB and municipalities.

Resolution 07/19 No Unilateral Downloading

In Progress The AMM received an official response from the department in January 2019.

Resolution 02/23 Multi-Level Funding for Capital Projects

In Progress Alongside the FCM's call for a new federal municipal growth framework, the AMM has supported this initiative and continues to advocate for it more broadly. Through our Lobby Day efforts and federal election campaign, we are urging the federal government to adopt a funding model that keeps pace with the evolving needs and realities of municipalities.

Resolution	03/23	CCBF Funding Formula Distribution	In Progress	The AMM continues to engage with both the federal and provincial governments to ensure that the Canada Community-Building Fund reflects current municipal realities. The AMM has urged the federal government to preserve the CCBF as a direct, predictable funding source for local priorities, free from new conditions or additional bureaucracy. In addition, the AMM supports FCM's call to double the CCBF to \$4.4 billion annually, with a 3.5% annual indexation to keep pace with municipal needs. This position is reflected in our Federal Budget Submission to the Government of Canada.
Resolution	14/23	Short-Term Rentals	In Progress	Since the passing of this resolution, the AMM has been actively engaged on the issue of short-term rentals. This included a dedicated breakout session at the Spring Convention, featuring Air B&B as a panelist to raise awareness. The AMM has also met multiple times with relevant departments and participated in the Short-Term Rentals Working Group as the province developed its report. With the report now complete, the AMM continues to urge the province to advance a consistent regulatory framework, ensuring a coordinated approach across Manitoba rather than a patchwork system.

Resolution	19/23	Reduction of Staff within Provincial Departments	In Progress	The AMM continues to engage with Manitoba and, in the summer of 2025, met with the Minister of Public Service Delivery to discuss staffing reductions within provincial departments. The current provincial vacancy rate is 15%, down from 30%. While acknowledging this progress, the Minister noted that departments continue to work toward reducing vacancies, recognizing that the rate will likely never reach zero. The AMM continues to call on the Province to ensure departments are adequately staffed and resourced to provide timely responses to municipal concerns.
Resolution	21/23	Hire Local	In Progress	The AMM continues to engage with relative departments to address municipal concerns.
Resolution	41/23	Red Tape Reduction Initiatives	In Progress	The AMM continues to meet regularly with Manitoba Municipal Relations to discuss municipal concerns and propose amendments to reduce red tape.

Manitoba Sport, Culture, Heritage and Tourism

Resolution	24/20	The Heritage Resources Act	In Progress	The AMM continues to meet with Manitoba Sport Culture and Heritage to discuss municipal concerns.
------------	-------	----------------------------	-------------	---

Manitoba Transportation and Infrastructure

Resolution	25/18	Amend The Traffic and Transportation Modernization Act	In Progress	The AMM continues to meet regularly with Manitoba Infrastructure to discuss municipal concerns. Moreover, the department is continuing its Service Delivery Model review.
------------	-------	--	-------------	---

Resolution	07/19	No Unilateral Downloading	In Progress	The AMM received an official response from the department in January 2019.
Resolution	09/20	Navigational System for 911	In Progress	The AMM continues to meet with Manitoba Justice and Manitoba Infrastructure to discuss municipal concerns.
Resolution	09/21	Environmental Reclamation Fee	In Progress	The AMM continues to meet with the Department to discuss municipal concerns. Additionally, the AMM participates on the Quarry Rehabilitation Advisory Committee (QRAC) which acts as another avenue to relay municipal concerns. Due to these efforts we saw the aggregate and transportation fees increased (now annually with an inflationary clause) as well as an increase to the Quarry Rehabilitation Levy. Work is ongoing.
Resolution	14/22	Diesel Exhaust Fluid	In Progress	The AMM continues to meet with relevant departments to discuss and address municipal concerns.
Resolution	15/22	Third Order Drains and Drainage Policy	In Progress	The AMM continues to meet with Manitoba Transportation and Infrastructure to address drainage-related concerns. In addition, the AMM participates in the AMM-MTI Service Delivery Working Group, which focuses on service delivery agreements, system improvements, and a dedicated stream for drainage issues. Through these ongoing collaborative efforts, the AMM continues to advance solutions to address these concerns.

Resolution	16/22	Water Infrastructure Funding	In Progress	The AMM has consistently urged both the provincial and federal governments to increase funding and establish a dedicated program for water and wastewater infrastructure. This priority has been central to our provincial campaign, Let's Grow Manitoba Together, as well as our federal advocacy efforts—both in the lead-up to the election and through our AMM Lobby Day initiatives in Ottawa, where we engage directly with senior federal officials. The AMM continues to meet regularly with all relevant departments to advance this issue.
Resolution	17/22	Disaster Financial Assistance Eligibility	In Progress	As a result of our longstanding advocacy, the Province updated the provincial Disaster Financial Assistance (DFA) program to align with the new federal guidelines under the Disaster Financial Assistance Arrangements (DFAA). These changes have delivered positive outcomes, including the new “Build Back Better” feature and more timely advance payments. However, interest costs under the DFAA program have not been fully addressed. The AMM continues to meet with the Province to discuss these concerns and monitor how advance payments may help mitigate these costs.
Resolution	18/22	Pathways on Provincial Roadways	In Progress	The AMM continues to meet with Manitoba Transportation and Infrastructure to address municipal concerns related to the provincial road network and to advocate for solutions that support safe, reliable transportation across Manitoba.

Resolution	19/22	Highway Access Points	In Progress	The AMM continues to meet with Manitoba Transportation and Infrastructure to address municipal concerns related to the provincial road network and to advocate for solutions that support safe, reliable transportation across Manitoba.
Resolution	20/22	Highway Closures	In Progress	The AMM continues to meet with Manitoba Transportation and Infrastructure to address municipal concerns related to the provincial road network and to advocate for solutions that support safe, reliable transportation across Manitoba.
Resolution	21/22	Highway Lighting	In Progress	The AMM continues to meet with Manitoba Transportation and Infrastructure to address municipal concerns related to the provincial road network and to advocate for solutions that support safe, reliable transportation across Manitoba.

Resolution	22/22	Provincial Roadways Maintenance	In Progress	The AMM continues to meet with Manitoba Transportation and Infrastructure to address drainage-related concerns. In addition, the AMM participates in the AMM-MTI Service Delivery Working Group, which focuses on service delivery agreements, system improvements, and a dedicated stream for drainage issues. Through these ongoing collaborative efforts, the AMM continues to advance solutions to address these concerns. Additionally, the AMM has raised the idea of enabling municipalities to takeover provincial drainage maintenance through service agreements (similar to snow clearing, gravel roads, noxious weeds) with fair compensation to mitigate damage to municipal assets.
Resolution	20/23	Funding for Municipally Owned Airports	In Progress	As part of our ongoing advocacy, the AMM welcomed the 2024 decision by the Manitoba government to double the Manitoba Airport Assistance Program (MAAP). Under the enhanced program, airports with paved runways now receive \$4,800, up from \$2,400, while airports with unpaved runways receive \$2,400, increased from \$1,200. These funds support the operation, maintenance, and improvement of local airports. The AMM looks forward to continued collaboration with Manitoba Transportation and Infrastructure to further strengthen this vital program.

Resolution	29/23	DFAA Interest Charges	In Progress	As a result of our longstanding advocacy, the Province updated the provincial Disaster Financial Assistance (DFA) program to align with the new federal guidelines under the Disaster Financial Assistance Arrangements (DFAA). These changes have delivered positive outcomes, including the new “Build Back Better” feature and more timely advance payments. However, interest costs under the DFAA program have not been fully addressed. The AMM continues to meet with the Province to discuss these concerns and monitor how advance payments may help mitigate these costs.
Resolution	30/23	Provincial Road Upgrades in Communities	In Progress	The AMM continues to meet with Manitoba Transportation and Infrastructure to address municipal concerns related to the provincial road network and to advocate for solutions that support safe, reliable transportation across Manitoba.
Resolution	31/23	Provincial Roads through Towns and Villages	In Progress	The AMM continues to meet with Manitoba Transportation and Infrastructure to address municipal concerns related to the provincial road network and to advocate for solutions that support safe, reliable transportation across Manitoba.
Resolution	32/23	Approaches off Provincial Trunk Highways	In Progress	The AMM continues to meet with Manitoba Transportation and Infrastructure to address municipal concerns related to the provincial road network and to advocate for solutions that support safe, reliable transportation across Manitoba.

Resolution	33/23	Transportation Barriers	In Progress	The AMM continues to engage with the Department of Transportation and Infrastructure to address municipal concerns.
Resolution	09/24	NG-911 Cellular Services	In Progress	The AMM has been actively collaborating with Bell MTS on this issue since 2022. Together, we hosted a dedicated webinar, and the topic was also featured at our 2024 Spring Convention. In addition, the AMM has engaged and will continue to engage with relevant provincial departments to ensure municipalities have access to the necessary data and resources ahead of the transition to NG-911, which has now been extended to 2027
Resolution	19/24	Maintenance of Provincial Drainage Infrastructure	In Progress	The lack of maintenance of provincial infrastructure emerged as a key theme during the Executive municipal tours in early 2025. The AMM continues to raise this issue in ongoing meetings with the Department of Justice, as well as through the MTI-AMM Service Delivery Working Group.
Resolution	24/24	Cellular Service	In Progress	Recognizing Manitoba's significant gaps in cellular coverage, the AMM continues to engage with all relevant departments and calls on the Province to develop and implement a provincial connectivity strategy that sets clear targets and timelines to eliminate cellular and broadband service gaps.

Resolution	25/24	Spring Weight Restrictions Enforcement	In Progress	The AMM has long advocated for enabling authority that allows municipalities to enforce spring weight restrictions. As a result of these efforts, the Province launched the Community Safety Officer (CSO) Program, which provides this authority to municipalities that employ a CSO. However, the AMM recognizes that the program is cost-prohibitive and not feasible for all municipalities. The AMM continues to meet regularly with relevant departments to address municipal concerns and explore solutions to expand the municipal enforcement toolbox.
Resolution	26/24	PR Speed Limits	In Progress	The AMM continues to meet regularly with the Department to discuss municipal concerns.
Resolution	27/24	Public Road Maintenance in Mineral Extraction Areas	In Progress	The AMM continues to meet regularly with the Department to discuss municipal concerns.
Resolution	28/24	Financial Assistance for Upgrades to Heavy Haul Roads	In Progress	The AMM continues to meet with MTI to discuss municipal concerns.
Resolution	29/24	Designated Roadways	In Progress	The AMM continues to meet with the department to discuss municipal concerns.
Resolution	30/24	Reimbursement of Expenses Incurred During Highway Closures	In Progress	The AMM continues to meet regularly with MTI to discuss municipal concerns.

Resolution	31/24	Image Capturing Enforcement	In Progress	Following the passage of this resolution, the AMM has engaged with the Department and relevant staff to explore the potential for expanding image-based enforcement. We are currently requesting the Department to provide a virtual technical briefing on photo enforcement legislation and potential opportunities for improvement.
Resolution	10/25	Golf Carts on Municipal Roads	Sent to Gov't	
<u>Public Utilities Board</u>				
Resolution	29/17	PUB Staffing	In Progress	A new joint AMM-MMAA-PUB Working Group has been established to review and streamline the PUB application process, reduce the processing time and backlog of applications, and improve communication between the PUB and municipalities.
Resolution	39/18	Energy Costs for Recreational Facilities - SP	In Progress	The AMM continues to meet regularly with Manitoba Hydro and Efficiency Manitoba to discuss municipal concerns, while advocating for enhanced and new energy-saving programs that decrease operating costs for community-owned public recreation facilities.

Resolution Update

In Progress The AMM continues to meet with relevant departments to discuss and address municipal concerns.

FCM

Resolution 01/23 New Funding Model

In Progress As a result of our advocacy efforts, we were pleased to see the end of the seven year funding freeze on the Municipal Operating Basket, along with an annual 2% increase. However, we recognize that more is needed. The current funding model is outdated and no longer meets the needs of municipalities. The AMM continues to urge the department to modernize the municipal funding model and ensure it is growth-oriented. While the AMM has actively participated in working group discussions, we are pushing the province to return to the table to advance a solution that works for all municipalities, moving beyond a sole reliance on per-capita funding approaches.

Resolution 21/23 Hire Local

In Progress The AMM continues to engage with relative departments to address municipal concerns.

Resolution	23/23	Full Staffing for RCMP Detachments	In Progress	Public safety remains a top priority for the AMM, and we continue to advocate for full staffing of RCMP detachments across Manitoba. With the province experiencing the highest RCMP vacancy rate in the country, we are calling for increased visibility and capacity for policing. This issue has been a key focus of our Let's Grow Manitoba Together provincial campaign, our federal Lobby Day initiatives, and our federal election campaign. In addition to these efforts, the AMM meets annually with the Manitoba RCMP and holds regular discussions with the Department of Justice to address ongoing municipal concerns.
Resolution	29/23	DFAA Interest Charges	In Progress	As a result of our longstanding advocacy, the Province updated the provincial Disaster Financial Assistance (DFA) program to align with the new federal guidelines under the Disaster Financial Assistance Arrangements (DFAA). These changes have delivered positive outcomes, including the new "Build Back Better" feature and more timely advance payments. However, interest costs under the DFAA program have not been fully addressed. The AMM continues to meet with the Province to discuss these concerns and monitor how advance payments may help mitigate these costs.

Resolution	13/24	Healthcare Access	In Progress	The AMM submitted this resolution to FCM for formal consideration, and it was adopted by the FCM Board of Directors as a Category A - Concurrence resolution, meaning it will help shape future FCM policy positions. In support of the resolution, a letter was also sent to the appropriate federal minister. The AMM continues to engage with all relevant departments to ensure municipal concerns are heard and addressed.
Resolution	35/24	Railway Cost Formula and Consultation	In Progress	The AMM Board of Directors sponsored a resolution advocating for railway duty to consult and increased transparency. The resolution is currently under consideration through FCM's resolution process, and if passed, it will shape future FCM policy decisions. Additionally, the AMM continues to engage with Transport Canada through our working group to address ongoing municipal concerns.
Resolution	27/25	Equal Access to Healthcare - Standing Policy	Sent to Gov't	
<u>Finance Canada</u>				
Resolution	02/23	Multi-Level Funding for Capital Projects	In Progress	Alongside the FCM's call for a new federal municipal growth framework, the AMM has supported this initiative and continues to advocate for it more broadly. Through our Lobby Day efforts and federal election campaign, we are urging the federal government to adopt a funding model that keeps pace with the evolving needs and realities of municipalities.

Resolution	03/23	CCBF Funding Formula Distribution	In Progress	The AMM continues to engage with both the federal and provincial governments to ensure that the Canada Community-Building Fund reflects current municipal realities. The AMM has urged the federal government to preserve the CCBF as a direct, predictable funding source for local priorities, free from new conditions or additional bureaucracy. In addition, the AMM supports FCM's call to double the CCBF to \$4.4 billion annually, with a 3.5% annual indexation to keep pace with municipal needs. This position is reflected in our Federal Budget Submission to the Government of Canada.
Resolution	40/23	Climate Action Incentive Payment (CAIP) Rebate	In Progress	The AMM continues to collaborate with the relevant department to address municipal concerns.

Fisheries and Oceans Canada

Resolution	14/20	Zebra Mussels	In Progress	The AMM continues to meet regularly with Manitoba Agriculture and Resource Deveopment and the Fisheries and Oceanse Canada to discuss municipal concerns.
------------	-------	---------------	-------------	---

Health Canada

Resolution	13/24	Healthcare Access	In Progress	The AMM submitted this resolution to FCM for formal consideration, and it was adopted by the FCM Board of Directors as a Category A - Concurrence resolution, meaning it will help shape future FCM policy positions. In support of the resolution, a letter was also sent to the appropriate federal minister. The AMM continues to engage with all relevant departments to ensure municipal concerns are heard and addressed.

However, we recognize that more is needed. The current funding model is outdated and no longer meets the needs of municipalities. The AMM continues to urge the department to modernize the municipal funding model and ensure it is growth-oriented. While the AMM has actively participated in working group discussions, we are pushing the province to return to the table to advance a solution that works for all municipalities, moving beyond a sole reliance on per-capita funding approaches.
Resolution	02/23	Multi-Level Funding for Capital Projects	In Progress	Alongside the FCM's call for a new federal municipal growth framework, the AMM has supported this initiative and continues to advocate for it more broadly. Through our Lobby Day efforts and federal election campaign, we are urging the federal government to adopt a funding model that keeps pace with the evolving needs and realities of municipalities.

Resolution	03/23	CCBF Funding Formula Distribution	In Progress	The AMM continues to engage with both the federal and provincial governments to ensure that the Canada Community-Building Fund reflects current municipal realities. The AMM has urged the federal government to preserve the CCBF as a direct, predictable funding source for local priorities, free from new conditions or additional bureaucracy. In addition, the AMM supports FCM's call to double the CCBF to \$4.4 billion annually, with a 3.5% annual indexation to keep pace with municipal needs. This position is reflected in our Federal Budget Submission to the Government of Canada.
Resolution	13/23	Fire Equipment	In Progress	In 2025, Manitoba experienced its most severe fire season in over three decades. Numerous municipalities stepped up, sending emergency personnel and resources to assist in combating these fires. This demonstrates the critical need for enhanced financial support for fire services. The AMM continues to collaborate with the department as the after-action review progresses and engages with all relevant departments to advocate for increased funding to strengthen municipal fire response capacity.
Resolution	21/23	Hire Local	In Progress	The AMM continues to engage with relative departments to address municipal concerns.

Resolution	32/23	Approaches off Provincial Trunk Highways	In Progress	The AMM continues to meet with Manitoba Transportation and Infrastructure to address municipal concerns related to the provincial road network and to advocate for solutions that support safe, reliable transportation across Manitoba.

Innovation, Science and Economic Development Canada

Resolution	09/24	NG-911 Cellular Services	In Progress	The AMM has been actively collaborating with Bell MTS on this issue since 2022. Together, we hosted a dedicated webinar, and the topic was also featured at our 2024 Spring Convention. In addition, the AMM has engaged and will continue to engage with relevant provincial departments to ensure municipalities have access to the necessary data and resources ahead of the transition to NG-911, which has now been extended to 2027

Public Safety Canada

Resolution	10/20	Proceeds from Rural Crime	In Progress	The AMM supports a comprehensive review of policing in Manitoba focused on the distribution of policing costs and grant funding to promote a more transparent, fair and sustainable policing model. The AMM also continues to urge the Province of Manitoba to reduce financial and administrative burdens on municipalities in relation to police services due to amalgamation.
------------	-------	---------------------------	-------------	--

Resolution	22/21	RCMP Unionization Costs	In Progress	The AMM continues to raise concerns with the provincial and federal governments about the collective bargaining process. While we respect the right to bargain, recent decisions—often made without meaningful consultation—create significant fiscal pressure, threatening municipal viability and service delivery. We remain active on the Contract Management Committee (CMC) and with the Province as well as through the Provincial Municipal Justice Advisory Committee (PMJAC), pushing for agreements that reflect municipal realities and long-term certainty aligned with budgeting processes.
Resolution	23/23	Full Staffing for RCMP Detachments	In Progress	Public safety remains a top priority for the AMM, and we continue to advocate for full staffing of RCMP detachments across Manitoba. With the province experiencing the highest RCMP vacancy rate in the country, we are calling for increased visibility and capacity for policing. This issue has been a key focus of our Let's Grow Manitoba Together provincial campaign, our federal Lobby Day initiatives, and our federal election campaign. In addition to these efforts, the AMM meets annually with the Manitoba RCMP and holds regular discussions with the Department of Justice to address ongoing municipal concerns.

Resolution	29/23	DFAA Interest Charges	In Progress	As a result of our longstanding advocacy, the Province updated the provincial Disaster Financial Assistance (DFA) program to align with the new federal guidelines under the Disaster Financial Assistance Arrangements (DFAA). These changes have delivered positive outcomes, including the new “Build Back Better” feature and more timely advance payments. However, interest costs under the DFAA program have not been fully addressed. The AMM continues to meet with the Province to discuss these concerns and monitor how advance payments may help mitigate these costs.

Transport Canada

Resolution	42/23	Railway Crossings Regulations	In Progress	The AMM has taken a national leadership role on the issue of federal grade crossings. In 2021, we participated in a working group with Transport Canada, other municipal associations, and stakeholders, advocating for an extension to the regulations at the time. As a result, the federal government set compliance deadlines by levels of risk: November 28, 2022 for high-priority grade crossings, and November 28, 2024 for all other crossings, while also introducing a new risk-based approach to federal crossing upgrades. The AMM continues to call on the federal government to ensure transport companies improve communication and allow local contractors to proceed with work. With the RSIP program now oversubscribed and unavailable, we also continue to push for significant federal investments to help municipalities advance these critical upgrades.
Resolution	35/24	Railway Cost Formula and Consultation	In Progress	The AMM Board of Directors sponsored a resolution advocating for railway duty to consult and increased transparency. The resolution is currently under consideration through FCM's resolution process, and if passed, it will shape future FCM policy decisions. Additionally, the AMM continues to engage with Transport Canada through our working group to address ongoing municipal concerns.

<u>AMM Issues - Carried</u>			<u>Status</u>	<u>Resolution Update</u>
<u>AMM</u>				
Resolution	41/23	Red Tape Reduction Initiatives	In Progress	The AMM continues to meet regularly with Manitoba Municipal Relations to discuss municipal concerns and propose amendments to reduce red tape.
Resolution	20/24	Bail Reform	In Progress	The AMM remains at the forefront of the bail reform conversation at both the provincial and national levels. As one of the first organizations to raise this critical issue, the AMM has helped shape the dialogue through key initiatives, including the Let's Grow Manitoba Together provincial election campaign and the 2025 Federal Election Priorities campaign. In 2026, President Valentino presented to the House of Commons Standing Committee on Justice and Human Rights in support of efforts to strengthen bail reform through Bill C-14. The AMM continues to actively engage with the Department of Justice to ensure municipal perspectives are heard and reflected in ongoing policy discussions.
Resolution	35/24	Railway Cost Formula and Consultation	In Progress	The AMM Board of Directors sponsored a resolution advocating for railway duty to consult and increased transparency. The resolution is currently under consideration through FCM's resolution process, and if passed, it will shape future FCM policy decisions. Additionally, the AMM continues to engage with Transport Canada through our working group to address ongoing municipal concerns.
