---

I am humbled to be acclaimed for a second term as Mayor for the Town of Beausejour. Some of my accomplishments over my first 4 years on council was seeing our water treatment plant come from design to the building stages. New business, unprecedented residential development and industrial park expansion. From this I learned how to work with many levels of government from provincial planning to the water services board to our provincial ministers.

The Eastern Region is like a hub and spokes on a wheel. We all need to work together to strive to prosper as a Region. Support, cooperation, and shared resources is vital and key for our region.

## KEY GOALS & PRIORTIES

- Rural Municipal Provincial funding model and how dollars are allocated to smaller communities and rural municipalities
- Highways and infrastructure funding and service
- Health care (ambulance and hospital service) and senior housing plans
- Quality policing and cost allocations
- Broadband service – cellular and internet
