“I believe in leading with integrity, compassion, and collaboration. I want to bring my hands-on knowledge, regional experience, and formal training to the AMM Board so we can **advocate strongly for rural Manitoba** and **ensure policies support growth in all corners of the province** — not just in urban centres.”

MY PRIORITIES

Fair Funding & Assessments

Advocate for a provincial funding model that equitably considers municipal needs — ensuring rural communities receive fair support that reflects their unique challenges.

Support for Rural Growth

Advocate for targeted investments in infrastructure and economic development across the Interlake and Manitoba — enhancing connectivity, supporting local businesses, and creating sustainable employment opportunities.

Respect for Local Autonomy

Ensure municipalities maintain local control and input on major decisions.

Transparent, Accountable Leadership

Bring integrity and collaboration to every table I sit at.

Stronger Senior Care Advocacy

Push the Province to properly support long-term care and caregivers across Manitoba.
