BIOGRAPHY

My name is Marc Savy, and I am seeking to be elected as the Western Director for AMM. I was born and raised in the Seychelles islands and went to school in Scotland. In 1990, I moved to Rivers, MB after serving 13 years in the British Army. I began my career in public service as a Police Officer in Rivers in 1992 and joined the Brandon Police Service in 1998, where I served until my retirement in January 2020.

I have been married to my best friend Shelley for 41 years. We have daughters and grandchildren, and I enjoy spending time with them. In 2005, we moved to Virden, where I truly feel that we have found a place to call home. What a great region we all live in.

I have only really had two careers in my life, both in public service, and I feel the need to keep serving. I was elected to the Virden council in 2022 and have been Deputy Mayor since then. My passion and vision to see Virden prosper and grow motivated me to become a councillor, and I want to bring that same passion to our region as a Western Director. I believe that as elected officials, it is our job to bring our passion, dreams, and visions to the table and work together to benefit the greater good of our communities.

Currently, I serve on the AMM resolutions committee and would like to get more involved. The Town of Virden has had some success in obtaining funding from the Provincial Government, and I would like to help others obtain funding for capital projects through advocacy. I am also an advocate for mental health for our veterans, first responders, municipal staff, and elected officials. I want to help this region and province be a safe and prosperous place to raise a family.

I was elected as Chairperson for the Southwestern Caucus for the 2025 session, and this has opened my eyes to many issues in our region. I truly understand how diverse we are as a region. I look forward to speaking with as many of you as possible at the June District meeting on June 19th. If you have any questions or issues you would like to discuss prior to the meeting, please feel free to give me a call at 204-761-0419.
